Participants registering for Intermediate level 2 should have satisfactorily completed Level 1 or demonstrate their ability to the satisfaction of the instructors.

To commence Intermediate level 2 participants must be able to

- understand straight line energy transfer from rod to fly-line
- understand the five essentials of fly casting
- demonstrate loop control
- pick up 10 meters of fly line and perform several false casts without tailing loops
- perform a presentation cast with delicacy at 10 meters on water with a straight leader
- roll cast minimum 7 meters on water.

Participants registering for Advanced level 3 must have satisfactorily completed Level 2 or demonstrate their ability to the satisfaction of the instructors.
